Ideas for Innovation Submission Form

As part of Willmar Poultry Group’s 75th anniversary celebration we are launching our final challenge for the 75th Anniversary: Ideas for Innovation.

Throughout the years, Ted and Ray were committed to keeping a creative focus. Ted always said he lived in the future and was looking for new ways to do things that would add value for future generations. They both believed that we were one idea away from outpacing the expectations of today.

There is innovation happening all around us to this day, and it should be highlighted! What ideas do you have? Do you have an idea for a way to streamline a process? Or something new that we should invest in? We want to hear from you!

Even if you don’t have an idea today, look at everything you’re doing this week with fresh eyes and when you come across opportunities, please share them! This is a chance for *you* to win a **customized weekend getaway!**

Completed forms can be submitted to 75years@life-scienceinnovations.com or to your HR Representative.

Submissions will be closed May 14th, and 1st 2nd and 3rd place will be chosen!

First and Last Name: _____

Company: _____

Best way to reach you? (check one)
